Pangani: measles outbreak

2010 projections	Total pop. served	Under 1 year
By National Bureau of Statistics	54,364	1,335
By Pangani District Council	51,466	2,059

**Statistics gone wrong:
actual measles coverage**

$$1335/2059 = 65.5\%$$

Dr Mtagi Kibatala

Hai District Rural Health Placement
2011 East African DTM&H

The future

Growth

- 72 students for 2015

Course content

- More research oriented projects
